

# Bring a Book Home Campaign

July 2006 – December 2006

## Help! Help! Help!

The Belize National Library Service needs a quick supply of all age children's books – new or used (in like-new condition) to develop brilliant young minds through reading.

## You can help!

- **MAKE A PLEDGE.** CALL (323) 292-4706 or FAX (323) 290-9036 or WRITE to P.O. Box 431731, Julian Dixon Station, Los Angeles CA 90043 or EMAIL [info@belizeconsortium.org](mailto:info@belizeconsortium.org) or VISIT the website <http://www.belizeconsortium.org> .
- **SEND A DONATION** of books to Belize. Many families have children books that are new or in like-new condition that they no longer use. Send a package of books to the Belize National Library Service, Princess Margaret Drive, Belize City Belize **code: BABH Campaign**
- **BRING A BOOK HOME** or maybe two or three or more books. Belizeans and friends travelling to Belize during the next 5 months can bring a few books with them.
- **TELL OTHERS** spread the word through email, internet chat rooms and among friends and families.

## All Donations Acknowledged

All donations receive a contribution acknowledgement certificate and listing on the Consortium website. Email a request to exclude website listing of your contribution.

**BRING A BOOK HOME PLEDGE**

Sponsored by the Consortium for Belizean Development, Inc.  
July – December 2006

I \_\_\_\_\_ support this year's Library focus on building young minds through reading. I will take \_\_\_\_\_ children's books in new or slightly used condition to Belize. My solemn pledge is to help build the stock of children books in Belize public libraries. I will spread the word among friends and family.

Thanks you for the support over the past few years. Your annual contributions continue to be critically needed to ensure our public library service delivery. We still need libraries because not everyone has access to the Internet and not everything is found on the Internet. There is a continuing need for reasonably current computers that can be used as Online Public Access Computers (OPAC). OPAC allows many children and adult library users to access the library's catalog and the Internet free of cost. One (or more) well maintained and current set of encyclopedia continues to be needed at the National and district branches of the Library. Children and the development of vibrant young minds through reading have been the 2006 calendar year focus for the National Library service. Tax deductible cash donations are always needed and can be made through the Consortium for Belizean Development *code: BABH Campaign*. Monthly progress updates on the number of books donated and donors will be posted on this web site.

You can make reading a reality in Belize.  
Please get involved.
